

INFINITE-POSSIBILITIES IMPACTING SALES SERIES

Advanced Selling Strategies To Win The Project

“How to deliver powerful sales presentations and negotiate the best deal!”

In ‘Selling Strategies’ we identified the main influencers, where they are in the buying process and create an action plan to deal with missing information and how to take the account or project sale forward.

This course is about taking the process and your sales ability to the next level - to successfully take your strategy forward by leading very productive meetings, delivering powerful presentations and negotiating terms that suit both parties.

Aim - Advanced Selling Strategies is about making sure that your strategies pay off.

Objectives - delegates will know how to:

- Gain access to the influencers within the buying process
- Understand and use the primary motivators of each influencer
- Deal with conflicting expectations and interests
- Construct presentations that offer compelling solutions to the buying influencers
- Gain rapport and deliver presentations with confidence to any group size
- Negotiate solutions that suit all the parties involved in your sale

Who Should Attend?

Sales people who have attended ‘selling strategies to win the project’ and who have a willingness and determination to achieve consistently outstanding performance.

Course Topics:

- Questions to gain access to the influencers
